Number of hygienists licensed 248

ACCOMPLISHMENTS:

Board adopted new regulations regarding educational requirements to take x-rays, delegated procedures for dental hygienists and dental assistants, and access to patient records.

A statute permitting a shade of a replacement tooth or denture to be taken by the lab technician upon a prescription of the dentist became enacted.

A bill has been introduced in the legislature on the multiple prescription blank to decrease prescription drug abuse. The Board will grant access to the department of Public Health to gain access to public information held by the Dental Board.

Audit requests were sent to 180 to verify their continuing education credits.
